Atlanta, GA 30305

Three pictures above are previous projects.

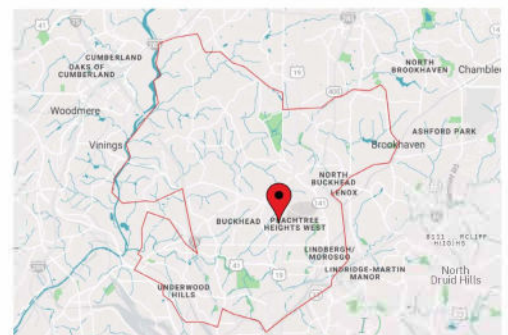

Situated in a private back corner of a tree-lined cul-de-sac off Habersham Way in Buckhead, this property offers a once-in-a-generation opportunity. The land has never been built on and was recently acquired by Northstar after 10 years of discussions.

This property is being offered in conjunction with the construction of a stunning new home, offering the utmost convenience, privacy, and luxury living.

In this beautifully appointed home designed by Castro Design Studio, you have the opportunity to select finishes and make it uniquely yours. Laid out over 9,200 square feet on three levels, with the primary suite, open kitchen, living room, and dining all on the same level with the pool - this timeless masterpiece will provide an abundance of natural light and space for everyday living and grand entertaining.

These streets of Buckhead are some of the best in Atlanta. The buyer has the unique opportunity to combine these features with personal goals to make this property both a joy for living, and a wise investment.
